**West Oxfordshire  
Community Transport Limited (WOCT)**

is a not-for-profit charitable Community Benefit Society operating for the benefit of the community. WOCT believes that local bus services have an important role in maintaining an active and engaged community and, working with the community, aims to deliver sustainable public transport services.

Any surpluses are not distributed among members or external shareholders, but returned to the organisation for further investment in bus services. Anyone can become a member (for just £1) and help keep local bus services running on people power.

Supported by Carterton Town Council
