

WEST OXFORDSHIRE
DISTRICT COUNCIL

Planning Notifications

Notification of Planning Applications to local residents is now done by Site Notice posted on a wooden stake at the site.

When the Planning Officer visits the site, if he considers it necessary, he may post a copy of the Site Notice by hand to any individual house(s).

Through news items and publications, the District Council is encouraging customers to sign up to planning alerts, which they can do via the front page on the District Council website www.westoxon.gov.uk where it says 'register for alerts'. Here, you can register your address and ask to be notified by email of any planning applications within any distance you choose.

Be in the know!

Register at westoxon.gov.uk
to be notified of planning
applications near your home.
